One Platform for Scalable Managed Operations

AvePoint helps MSPs build and scale recurring resilience, governance and security services from one platform.

Grow Recurring Revenue
Launch new services customers buy, renew and expand.

Scale Managed Operations
Support more customers through standardised multitenant delivery.

Expand Customer Value
Add recovery, governance and security services.

Four Ways to Build and Grow Managed Services

Recovery Complete
Turn recovery into a recurring service
For recovery-led MSPs

Operations Essentials
One standard for every customer, Copilot-ready
For MSPs building managed services

Operations Plus
Extend management across every workload and Copilot agents.
For MSPs building managed services

Operations Complete
Deliver recurring infrastructure and cloud security services
For MSPs building managed services

Choose the Right Foundation for Your Managed Services

Capability	Recovery Complete	Operations Essentials	Operations Plus	Operations Complete
Resilience
