# New Partner Portal

The screenshot shows the AvePoint Partner Portal interface. At the top, there is a navigation bar with the AvePoint logo and links for AOSP, My Journeys, Training, Assigned Leads, Marketing, Deals, and Home. Below the navigation bar is a hero section with the heading "Welcome To Your Partner Portal" and a sub-heading "The AvePoint partner portal was designed with you in mind. Everything you need from Sales and Technical training to goto market kits and even access to our trial software can be found within this portal." A feedback button is also present. Below the hero section is a personalized greeting "Hello, [Partner Account Name]" with buttons for "Register Opportunity" and "View Opportunity". The main content area is titled "Your Partner Journey Starts Here" and lists four key features: "Your Journey" (guided paths for training and materials), "Training Center" (resources for business and technical enablement), "The Go-To-Market Hub" (co-brandable materials and sales tools), and "Partner FAQs" (commonly asked questions). A footer section asks "Do You Have A Plan For Collaboration Security?" and provides contact information for AvePoint, Inc.

## Collaboration, secured.

Protect the way you work with [Partner]

### Your collaboration data is thriving; manage and protect it

Cloud collaboration tools make it easier than ever to work remotely. However, more remote and hybrid work environments, means more security threats to shared data ecosystems. Managing security for your collaborative environments can be time-consuming, expensive, and complex, but it doesn't have to be.

With AvePoint's Collaboration Security Platform we can easily monitor, restrict, and enforce permissions to access company files, recover malicious or accidentally lost data, reduce time spent on general administration tasks, and maintain data integrity throughout a migration. Our suite of collaboration security solutions have been built to protect your data, give your team time back, and help you sleep better at night.
