AvePoint | THE AI TRUST COMPANY

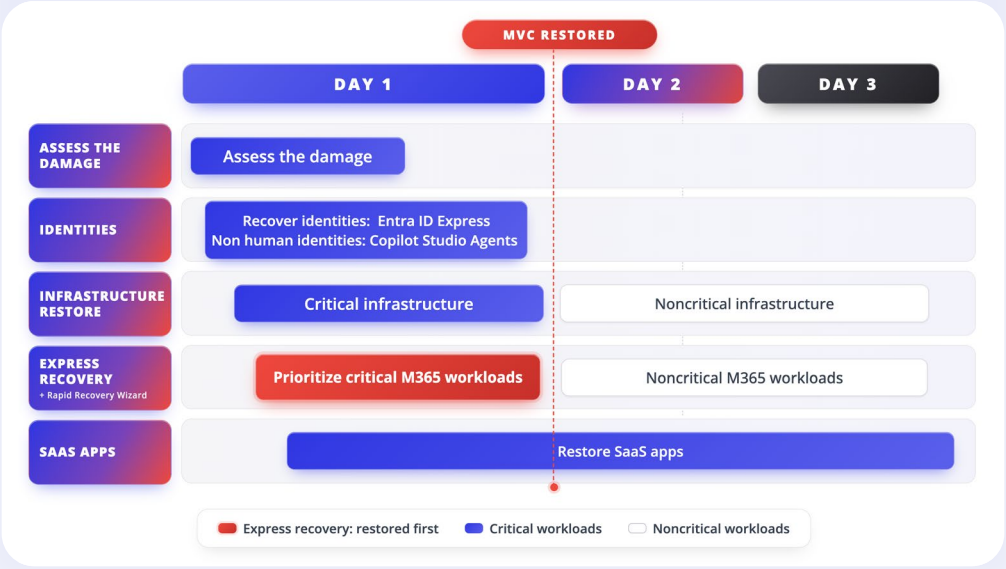

Rapid Recovery System

Get Your Business Back Faster with the Rapid Recovery System

Recover operations in hours or days by restoring what matters first

RECOVER WHAT YOUR BUSINESS NEEDS FIRST

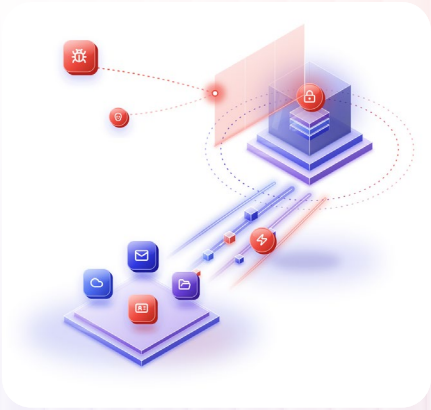

AvePoint's Rapid Recovery System helps organizations identify their Minimum Viable Company and restore critical data fast through smart recommendations and express recovery, reducing downtime when every minute matters.

"We had a ransomware issue with a user's OneDrive and we discovered that Microsoft could only restore the full OneDrive at a specific date and only in the last 14 days....we compared AvePoint to another provider and Cloud Backup gave us the insurance that our data is secured and always available."

Rapid Recovery System

Express Recovery

Restore SharePoint, OneDrive, and Exchange at up to 2TB per hour through Microsoft 365 Backup Storage, with native Microsoft Entra Backup extending express speeds to critical identity objects. Accelerate recovery across your Microsoft 365 environment, from data to identity.

Immutable Backups

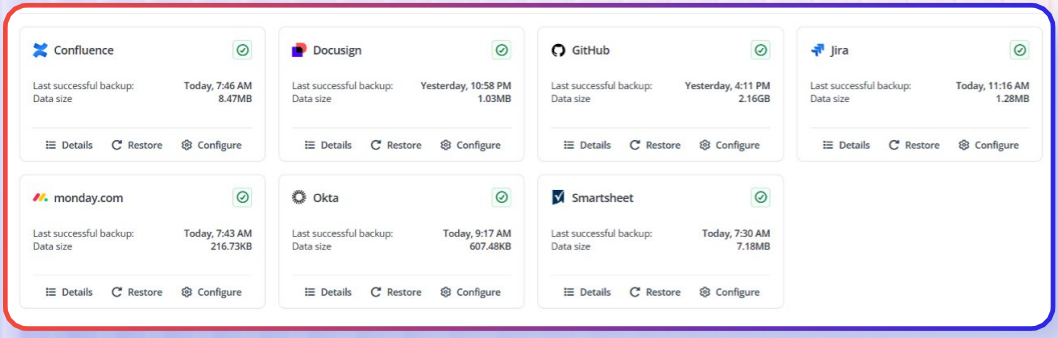

AvePoint stores backups in logically air-gapped, immutable copies, so ransomware can't spread to or originate from them.

Cost Predictable Protection

Cloud infrastructure protection engineered for absolute predictability and scale. Eliminate billing surprised with intuitive licensing based on users, not complex backend storage consumption.

Unified Multi-Cloud Coverage

Unify protection of cloud data, identities, infrastructure, and business applications with auto-discovery so nothing goes unprotected.
