

Compliance Detector

○ Test Your Website for Accessibility, Privacy, and Site Quality Violations

Quickly gain insight into key areas of risk your website might be introducing to your organization.

○ Test From Anywhere

Through Compliance Detector's browser-based interface, simply type in any valid website URL to test from anywhere – even on the go from your mobile device!

○ Improve Compliance Planning

Compliance Detector, an educational solution, helps users identify compliance and quality errors in their Web content page by page.

○ Integrate into Web Developer Tools to Optimize Site Quality

Update your Web Developer toolbar to scan for web page privacy and accessibility compliance directly from your Microsoft Internet Explorer (IE) browser.
